BMW recommends the use of RON 95 super unleaded petrol. Unleaded 91 RON and higher with a maximum ethanol content of 10% (E10) may also be used. Output and fuel consumption figures apply to RON98 fuel. All engines meet the EU5 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle (93/116/EU), which consists of approximately one third urban traffic and two thirds extra-urban driving (based on the distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment (e.g. wider tyres) can have a significant impact on fuel consumption.

BMW DRIVER TRAINING.

If you've ever wondered why a BMW is the Ultimate Driving Machine, a BMW Driver Training course is for you. If you've ever wondered what an Ultimate Driving Machine is capable of, this is the Ultimate test-drive.

Sign up for a BMW Driver Training course and you will learn what these remarkable vehicles can really do. More importantly, you will also acquire essential skills that will enhance your driving ability and safety.

BMW Driver Training was introduced in 1977, the first of its kind initiated by an automotive manufacturer to improve the skills, reactions and awareness of drivers.

Today more than ever, the 3-stage programme offers drivers a positive, exhilarating experience, along with an excellent education and an enthralling opportunity to accelerate their driving abilities behind the wheel of an efficient and dynamic range of Ultimate Driving Machines.

The aim of the programme is to enhance each participant's driving ability by developing attitudes and skills through a structured sequence of courses. Each course takes participants through an increasingly challenging mix of low and high speed driving exercises that help them respond effectively in emergency situations and become progressively more confident, safe and enthusiastic drivers.

Our courses are conducted at Australia's leading facilities, and all BMW Driver Training courses are supervised by highly-trained instructors under the stewardship of Le Mans and Bathurst winner, Geoff Brabham.

BMW Driver Training offers a range of different courses, from Young Driver training to the more advanced and exhilarating M Dynamic performance driving course.

BMW Young Driver Training

An important new initiative developed by BMW Group Australia to instil safe driving habits amongst young drivers.

BMW Advanced Driver Training

The ideal starting point for experienced drivers to develop safer and more confident car control.

BMW Intensive Driver Training

An exciting introduction into performance driving, designed for confident drivers.

BMW M Dynamic Driver Training

After completing our Intensive Training course, drivers can take their skills to another level with this high-performance course designed to test their ability to the fullest.

To find out more about BMW Driver Training courses and dates, please call **1800 000 269** or visit **bmwdrivertraining.com.au**
